

## ACCOMMODATION CLASSIFICATION

To ensure you a comfortable and authentic trip, we have set up a list which gather the best accommodation. Knowing the official hotel classification is relative and not always reliable, we have implemented our own classification based on our knowledge of the local offer.

2018 / 2019

## ★ Standard 2-star

This category gather the basic offer of accommodation to fit the need of travelers with a limited budget. The comfort level is average, even if overall, the hygiene conditions are satisfactory. Rooms have hot shower, air conditioning, WiFi, a clean but sometimes hard bedding. Without appeal and real services, these accommodation just provide a "place to sleep" but usually include breakfast.

We mostly offer these accommodation for our tours in remote and mountainous areas or where the local hospitality offer is narrow.

*Villa Chitdara, Deluxe Double Room - Luang Prabang, Laos*

## ★ Comfort 3-star

This category include accommodation with decent facilities and services, that are sufficient to enjoy a relaxed stay. Comfort and cleanliness are correct, good bedding, rooms featuring minibar and air conditioning, bathrooms are also well equipped. According to the place, you may find a spa, a swimming pool, a garden, a restaurant, a bar, a laundry service...

These decent accommodation are present in main cities and seaside resorts. Without pretension, they offer an excellent price-quality ratio.

*My Dream Resort, Outside View - Luang Prabang, Laos*

## ★ First class 4-star

This section concern above-average accommodation with a flawless level of comfort and cleanliness. It is usually rather small hotels, ideally located with a certain style based on a concept or a theme that differentiate them from 5-star accommodation. Contemporary design, delicate atmosphere, warm welcome and quality services well describe this category.

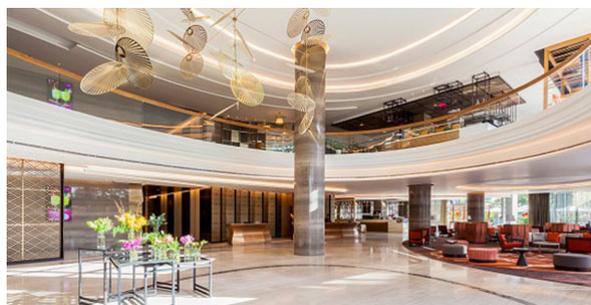

*Ansara, Suite Chanthabouly - Vientiane, Laos*

## ★ Superior 5-star

This class bring together international chain hotels settle in Laos, usually for decades and with flagship establishments. They benefit from an excellent reputation across the world and are well-known to provide top-notch facilities as well as outstanding quality of service. It includes for instance 24 hours front desk reception, sauna, room service, workout room, gourmet restaurant...

The accommodation in this group is always a safe bet but according to us, it can sometimes lack of spirit.

*Crowne Plaza, Lobby - Vientiane, Laos*

## ★ Luxury 5-star +

To be part of this prestigious class, it is not sufficient to have marble, silk and rose petals in the bathtub. It should not only fulfill all the 5-star accommodation standards but have to go beyond customer expectation and be able to provide this "wow factor", making the customer feeling like in a dream. We also make establishments following sustainable practices our first choice.

The only drawback would obviously be the price, but does dream have any ?

*The Luang Say Residence, Swimming Pool - Luang Prabang, Laos*
